"BEAT UNION" IS THE SLOGAN NOW UPPERMOST

Special Train Has Been Cancelled but Classes Will Be Suspended at 10 O'clock on Saturday Morning

COLLEGE BAND WILL PLAY

Hamilton Life Statistics Show Buff and Blue Will Be Outweighed Ten Pounds to the Man

Beat Union!

For the rest of the week that slogan will be uppermost in the mind of every Hamiltonian. As an expression of this sentiment on the Hill the college is wearing the "Beat Union" buttons and the fraternity houses are displaying huge "Beat Union" banners. From now until 2:30 Saturday afternoon the Union game is the main topic of conversation.

Pep meetings, as have been held after chapel last week, will be continued every morning until the game, and there will be a big meeting the night before. Many of the students are planning to leave Friday for Schenectady, but the majority will wait until Saturday morning. No classes will be held after 10 o'clock Saturday, giving every one time to get to Schenectady. Most of the student body will go in cars, either bumming or chartering taxis, the plan of a special train not having received enough support. The team will leave Saturday morning, making the trip to Schenectady by train.

Tickets on Sale in Store

Four sections of the grandstand have been reserved for Hamilton students and alumni. Tickets, which are $2, are on sale at the college store where they may be obtained at the reduced price of $1.50 if purchased before Thursday. The store also announces the sale of arm bands, every student being expected to wear one on Saturday. There are a few "Beat Union" buttons lett for those who have not yet secured theirs.

College Band on Deck

The college band, under the leadership of "Morry" Mahannah, will play before and during the game. The council considered hiring a 20-piece Schenectady band, but rejected the idea on account of the difficulty of raising money for the purpose.

Mahannah is in charge of organizing the musicians. He urges every undergraduate with any talent to come out. Rehearsals will probably be held every day until the game. There is much band material on the campus. Connell and Virkler play the drum. Mahannah, Harper, Skinner, Bingham, Soper, Staubach, Payne and Pope form a possible saxophone octet. Ferris and Parsons with trombones, Conklin with the cornet, and Preston with the trumpet form a nucleus for the brass department.

The cheer leaders, who have been practising every morning after chapel, will be on duty throughout the game. Union will have its time-honored pee rade before the game starts and between the halves will entertain the spectators by various stunts. There will also be enough time for Hamilton to form the "H" and sing Carissima before the second half as well as for the Union men to sing their Alma Mater while standing on the field in the "U" formation.

Hamilton Outweighed

According to statistics recently compiled by **Hamilton Life**, the Buff and Blue will be outweighed nearly ten pounds to the man in next Saturday's game. Hamilton averages 166½ pounds to the man while Union tips the scale at 176. The edge in height also goes to Union by slightly under an inch to the man.

Following is the height and weight of the men who will probably start the game.

HAMILTON HAS WON 12 GAMES, UNION, 10

Buff and Blue Has Failed to Win a Game at Schenectady in 19 Years

An examination of the scores of the Hamilton-Union football games reveals the fact that Hamilton has won 12 of these games. The Buff and Blue has failed to win a game at Union in 19 years. Union has been victorious in ten games, and since 1898, when the Hamilton team sent the Union players home smarting under a 17-0 defeat, the Garnet did not score on the Hill until last year, when Union broke a tradition and beat Hamilton 14-9 on Steuben Field. On the other hand, Hamilton scored on the Schenectady field two years ago, when Morris carried the ball across the line for Hamilton's only score. Previous to that, Lawler made a goal kick netting three points in the game at Schenectady in 1920. That was the first score made a Union by Hamilton since 1914, when the team made a touchdown although they lost the game. The first game of this classic series was played on Oct. 25, 1890, at Hamilton, when the Buff and Blue lost by a 10-26 score. The biggest score ever made in a game was in 1894 when Union scored 96 points and blanked Hamilton. It is interesting to note that six of the games have resulted in scoreless ties. The scores of the games follow:

Union Classic Promises To Be Bitterest Struggle in Many Years

Comparative Scores Give Edge to Hamilton but Garnet Men Have Met Heavier Teams and It Is Impossible to Predict Outcome—Captain Stanley, Davis and Skane are Stellar Players.

Foes for a third of a century will clash at Schenectady next Saturday when Hamilton and Union hook up in what is generally regarded as the classic of eastern small college football.

On the face of each team's records for the past season this game should be one of the bitterest struggles of recent years. In the matter of victories Hamilton has a slight edge, having registered three wins to two for Union. On the other hand the Buff and Blue has lost four contests while the Garnet has accepted the short end of but three games.

Dope Means Little

C mparative scores, as usual, result in only a greater confusion of the merits of the two teams. Hamilton beat Rochester by a good margin. Rochester won from R. P. I. and the Engineers held Union to a tie which would seem to indicate a superiority on the Hamilton side. However, Amherst ran away from Carroll's crew but was defeated by Union last Saturday.

Union on Crest of Victory

The Schenectady team is riding on the crest of victory at present and will be hard to stop. After losing to Wesleyan and Middlebury and being tied by N. Y. U., Union struck its stride four weeks ago and has been playing real football ever since. Trinity was walloped 13 to 0 and the following week, R. P. I. was fortunate to get off with a 7 to 7 score. Then came the Williams game. Despite the fact that Williams was still suffering from the effects of the Columbia game, Union won a moral victory by holding their opponents to a 13 to 6 score. And last Saturday the Union eleven surprised everyone including itself, by handing Amherst a 20-13 beating.

Hamilton Plays Off and On

Hamilton has been playing an off and-on game this year. The showing against Rochester and C. C. N. Y. stamped Carroll's eleven as a team of the first water. On the other hand, the result of games with Amherst and St. Lawrence brand the team with the stamp of mediocrity. If Coaches Carroll and McBride can bring the squad back up to the same pitch it was before the C. C. N. Y. game, Union is in for a trouncing.

The Union mentors, going on the theory that a team can be no stronger than its forward wall, have built up a stone-wall line. They rely on the ability of this line to open up holes large enough for the backs to go thru consistently for long gains. On the other hand the Hamilton offense has been built up around a set of backs whose chief asset is their speed. If Morris and Barbeson can get out into the open they are bound to make plenty of trouble. But if Hamilton is forced to resort to a plunging game, the greatest share of the burden will fall to Towne.

Skane Bears Watching

Pitted against the speed of Morris and Barbeson and the line-plunging ability of Towne will be the generalship and ability of Laughlin and Stanley. Stanley captains the Schenectady combination and has starred in most of the games to date. Skane, a find of the current season, will also bear watching. He is the one who made the score against Williams when he picked up a blocked punt and ran some 40 yards for a touchdown.

The punting duel will also be an interesting one to watch. Davis, Union end, does the booting for his team and has managed to out-kick most of his opponents this season. Although his showing in last Saturday's game was disappointment, Morris will probably do the punting for Hamilton. Stanley is developing into a fine drop-kicker and it would not be surprising to see him boost the Buff and Blue score by the aerial route.

So with each team playing a different brand of football, it is impossible to predict the outcome of the game. The team which follows the ball closest and which takes advantage of every break in the game, is the team which will be victorious next Saturday.

Capt. Stanley Big Factor

In the Union game, Hamilton will be matched against a well balanced team whose offense and defense are featured by the work of three or four stellar players. A great factor in the strong defense of the Garnet has been played this year. He is 5 feet 9 inches in height and weighs 167 pounds, 13 pounds lighter than Towne. Last year with the ball on Hamilton's 1-yard line, he took it and hurdled our line for the winning touchdown. He frequently makes long gains and is best on line plunges and in receiving forward passes. His backing of the line makes it almost impregnable.

The long punts of Davis, the right end, who goes back for kicks, give much strength to the Union team in this department of play. Coach Leary, their mentor, attributes Union's touchdown against Williams largely to the deceptive variety of Davis' punts in that game. The effectiveness with which he guards his end on the defense and his kicking combine to make him an outstanding played. He outweighs Bookhout, the end to be opposite him, by 35 pounds and is 5 feet 8 inches in height.

"Mystery Players?"

Chidsey and North are the mystery players. Both of them played against Hamilton last year, and Chidsey did two years ago. North caught a forward pass near the Buff and Blue goal line last year and crossed our line, making the first touchdown on the Hill for Union since 1898. Chidsey weighs 165 pounds and is 5 feet 10 inches, the playing of Stanley, the captain and fullback; Davis, their great right end; Skane, the left halfback; and Hawkes, the left end. On the offense, Stanley, Skane, and Makofski, the fleet right halfback, have accounted for most of Union's gains. Chidsey and North, two halfbacks, are the mystery players.

Union Captain Weighs 167

Stanley, the captain, has starred in practically every game that Union has while North weighs 172 and is 5 feet 11 inches in height. Neither North nor Chidsey have been used more than a few minutes in any one of Union's ast three games, and yet in the list sent by the Garnet manager are listed as the two halfbacks likely to start in the Hamilton game. They may be "dark horses" that Union is saving for the contest.

Basketball Man a Star

Three other players have also contributed greatly to Union's success this season. First, there is Makofski, the basketball player, who has been playing a sensational game at right halfback in the last three starts. He is very fast, does practically all the passing, and is very active in breaking up forward passes. Two long passes of his, that were completed in succession, accounted for the touchdown that Union scored against R. P. I. On end runs he usually gains at least four or five yards. He weighs 166 pounds and is 5 feet 10 inches in height. Skane, the fleet left halfback, has done remarkable work this season in recovering fumbles and in line bucking. In the Williams game he recovered a fumble and ran 40 yards for a touchdown. His quickness in regaining the ball has aided Union in several other games. Stanley and Skane are Union's best line buckers. Skane weighs 171 pounds and is 6 feet 1 inch in height. Another valuable player is Hawkes, the left end, who frequently blocks kicks and breaks up forward passes. In the R. P. I. game he blocked Reuther's kick and prevented the opposing team from breaking the tie with a field goal. He weighs 161 pounds, nine pounds less than Kinloch, his opponent, and is 5 feet 11 inches in height.

DR. ROY DUDLEY, '95, DIES SUDDENLY AT HIS HOME

Dr. Roy Bicknell Dudley, '95, of Clinton, died suddenly at his home yesterday morning, Nov. 10. He was not feeling well on Sunday and Dr. Hamlin was called in attendance. On Monday morning Dr. Hamlin found that he had passed away during the night. Heart trouble is said to have resulted in his death. He was the son of William R. and Deborah K. Dudley and was born August 15th, 1872. In College he was a member of E. L. S. He graduated as valedictorian, a member of Phi Beta Kappa, and played varsity football during his last three years. He also took departmental honors in Ethics and Chemistry, and received the second prize of the Underwood award in Chemistry. He has been the college physician for years.

CROSS COUNTRY TEAM WINDS UP POOR SEASON

Buff and Blue Harriers Fail to Score Victory in Absence of Several Stars

Out of the five meets which were scheduled for the Hamilton harriers this year, the Buff and Blue was unable to tally a single victory, although in most instances they were beaten by a small margin. The team has been greatly weakened through the loss of Captain Clark, who has been on the sick list for all but the first of the contests. The brilliant performance of Snyder, who has taken first place in three meets, and broken the record four out of five times, has done much to raise the Hamilton standard. Although hampered by an injury to his side, Thompson has done fine work this year. Miller, Donohue, Thomas, Donaldson, Studholme, Williams, Ballard, E. Clark, McPhail, Orcutt, and Courteau have all shown up well this season. With the new material developed this fall, next year ought to see a veteran team.

Hobart 24-31

Hobart defeated the Hamilton runneers in the first meet of the season, by the score 24-31. This was the only race in which Captain Clark participated. Hillman of Hobart came within nine seconds of breaking the record of the course, set by W. Thompson in 1922.

Colgate 21-40

On the 18th, the harriers came up against Colgate at Hamilton. Snyder, acting captain, crossed the line first, and broke the record for the Maroon course. Despite this, Hamilton was unable to place another man until four Colgate runners had crossed the line, and thus lost the meet 40-21. Last year's score was 30-25.

Williams 18-37

The following week, the team journeyed to Williamstown, to meet the strong Williams aggregation. Snyder finished first for Hamilton, and was the third man to cross the line. Although he finished five seconds later than the first Williams man, he broke the record previously set for the course. Thompson finished second for Hamilton. The Buff and Blue men were at a disadvantage on the strange course, which is divided between golf links and macadam. The team had to run two laps in order to complete the race. Williams won 18-37. Hamilton defeated Williams last year.

R. P. I. 22-33

November 1st, the Buff and Blue runners met R. P. I. at Clinton. Snyder again finished first, breaking the record for the course by 24 seconds. The old record set by Thompson was 22:58. The next three men to finish were for R. P. I. Thompson finished second for Hamilton. He was followed by the other two men placing for R. P. I. Hamilton was defeated 33-22

No crushing defeast were delivered to the harriers this year, and although in some cases last year's score was reversed, the outlook for next season is bright.

—President Ferry addressed the Rochester City Club in Rochester on Saturday, Nov. 8th.

—The campus is being surveyed and the trees and monuments plotted, for a map of the College brought up to date. These surveys will be made periodically. In the Bursar's office there are kept on file maps showing the location of each detail of the campus. There are no immediate changes to be made in the landscape but the walks as well as the proposed improvements will probably be altered slightly during the coming year.

SCARLET UPSETS ALL DOPE AND WINS, 12 TO 7

After Leading for First Three Quarters, Buff and Blue Defense Crumples in Final Period

OFF TACKLE PLAY IS JONAH

Poor Punting is One of Main Causes of Hamilton's Downfall on Several Occasions in Game

St. Lawrence upset the old dope bucket at Canton last Saturday by handing the Hamilton eleven a 12 to 7 defeat. After leading for three quarters, the Buff and Blue defense crumpled up completely in the final period and the Scarlet registered two touchdowns which won the game.

During the first half, Hamilton carried the battle to her opponents and most of the game was played in the enemy's territory. The passes and end runs were working nicely and it looked as though Carroll's squad was about to run its string of victories for the season up to four.

Off Tackle Play Baffles

However, towards the end of the third quarter and during the entire fourth period St. Lawrence succeeded in punching the Hamilton line repeatedly for substantial gains. Kaw's team used an unbalanced line formation which Hamilton's defense could not fathom. The play which gained the most ground for the winners was Gil Dobie's old off tackle drive in which both guards were used for the interference.

Morris and Barbeson, who took a lot of rough treatment during the game, were the stars for the Buff and Blue. Thomas, although he injured his shoulder, played the entire game and was a thorn in the side of the St. Lawrence offense. Carroll, captain and field general of the home team, and Maniero, a hard plunging fullback, carried the brunt of the winners' attack.

Makes 14 First Downs

Poor punting was one of the main causes of Hamilton's downfall. On several occasions when a long kick would have put the ball deep into St. Lawrence's territory, the punt fell short. Hamilton led in the matter of first downs, registering 14 to a total wasto nine for their opponents.

During the first quarter the play was entirely in the Scarlet territory. On a couple of occasions Hamilton managed to carry the ball to within scoring distance but the backs lacked the punch to push it across. Taking the ball on their own 45-yard line at the beginning of the second quarter, a series of end runs and passes by Barbeson and Morris carried it to the opponents' 20-yard line. An end run by Morris and a penalty put the ball five yards from the goal. Morris added two more yards and then Towne went through the line for a score. Stanley added the extra point via the drop kick route.

Poor kicks proved the opening wedge for the first St. Lawrence score. A series of line bucks put the ball on the Hamilton 5-yard line at the beginning of the last quarter. Two bucks failed to score but on the third attempt Maniero went over. A little later the winners chalked up their final and winning score when Carroll went over from the 1-yard line.

Beat Union!

Once more a football season draws to a close, and the Union game looms on the horizon. For many years the Hamilton-Union game has been one of the most outstanding small college football classics in the East. The relations between the two colleges have always been of the very best and a healthy spirit of friendly rivalry has always been fostered.

This year's classic, according to dope, should be one of the most closely contested games in recent years. To date (not including last Saturday's games) Hamilton has scored 85 points to its opponents' 110, whereas Union has scored 32 point to its opponents' 45. However, the teams Union has played have all been harder than those Hamilton has played The Garnet has won from Trinity alone, tied N. Y. U. and Rensselaer, and been defeated by Wesleyan, Middlebury and Williams.

Last year Union broke a tradition of a quarter of a century's standing when she beat Hamilton on Steuben Field. Two years ago Hamilton broke a tradition at Union when Morris scored a touchdown, which was the first touchdown made at Union since 1914.

The Buff and Blue team this year is the result of more than three years' building up under Coach Carroll. It has taken time to develop the team into the fighting aggregation it is today. But the fact remains that Hamilton today has one of the best teams she has had in a number of years. The men have not only their own confidence but the confidence of the entire student body.

Hamilton has been preparing for this game for a long time, and the outlook just now for a victory over Union is extremely bright. Most important of all is to beat Union. But the game will also be marked with the best of good feeling on the part of both colleges.

More Lights.

There are, of course, any number of improvements which might very well be made around any college, and some which should be made sooner than others. Many visitors to Hamilton have pointed out time and again that there should be more lights on the campus. They complain that on dark nights, it is next to impossible for anyone not acquainted with the paths to find his way about the campus. In wet weather when the miserable, rutty roads are filled with pools of water in the most unexpected places, for any person, whether he knows the campus or not, to walk more than a few hundred feet, invariably results in his getting a "hot foot."

Although there are lights on the chapel and sometimes lights on Science and Philosophy, these are not sufficient. People who admit the need for better lighting say that lamp posts would be an eyesore. But lamp posts are not necessarily needed. For intance, if there were lights on the Old Library, on North, on South, and on the northeast corners of Philosophy and Carnegie, in addition to those on the Chapel and the Gymnasium, and the erstwhile lights of Science and the front of Philosophy, the campus would be much better lighted and subsequently walking at night would not involve, to so large a degree, the now present danger of spraining an ankle, running into a hydrant or class memorial, or stepping into several of the puddles ever to be found in wet weather. The Committee on Buildings and Grounds should give this matter their consideration.

Something New for Hamilton.

Plans for a two-day winter house party and ice carnival instead of the three-day house party and prom as held in former years has found considerable favor with those who have become acquainted with the proposed scheme. For a long time the general sentiment on the Hill has been that the mid-term, three-day parties and prom have been too drawn out and too costly affairs. One of the principal objections in the past has been that there was no suitable place for holding the prom dance.

Present plans, as told elsewhere in this edition, include a basketball game and the ice carnival, Friday afternoon, Jan. 30th, with house parties at the several fraternity houses in the evening. Saturday afternoon, there will be a musical clubs concert and tea dances, and Saturday evening fraternity dances will again be held. For the ice carnival proper, which will be held in the Sage hockey building, the rink will be illuminated with colored lights, there will be fancy skaters, a band, possibly a hockey game, and general skating. In addition there are several surprises planned.

Many colleges hold such winter carnivals, and with the excellent hockey rink, the fine winter scenery, and the novelty of the plan at Hamilton, the mid-term fete should prove a howling success here. There is little doubt but that the fraternities will all give formal backing to so meritorious a plan

—Frank H. Wood, '24, is an instructor of freshman German in Columbia University, where he is doing graduate work in that subject.

KAISER, KITTEL AND YATES TO STUDY RUSHING METHODS

Subsequent to the meeting of the Alumni Council meeting Sunday, November 2, the Interfraternity Council met Monday afternoon at Wallace Johnson's home and discussed the matter of fraternity rushing, swinging, and pledging. A committee was appointed to familiarize itself with methods prevailing in other colleges. The committee included Kaiser, Kittel, and Yates. It was further proposed to hold another meeting on the subject in the near future with Mr. Coughlin and Dr. Ferry.

"Pep" meetings for the Union game also were given attention. Rus Thompson was named to inquire into the feasibility of having the band make the trip to Schenectady.

Kaiser was appointed to represent the Hamilton Interfraternity Council at the 16th annual convention of the Interfraternity Conference and also at the National Undergraduate Interfraternity Council organized last year. Both associations are meeting in the Hotel Pennsylvania, Nov. 28 and 29. Problems with which fraternities have to cope in all parts of the United States will be discussed and solutions suggested at this convention. It is possible that the Hamilton rushing system will come up for discussion.

—Mr. Root will hold his first class in Appreciation of Art (3-4) on Monday, Nov. 10. All juniors and seniors who wish to be included in this course are asked to leave their names at the office of the President before Monday, Nov. 3. The course is a three hour per week course lasting six weeks. A credit of one semester hour will be given. It is a lecture course in which actual drawings and paintings instead of photographs are used for illustrative purposes. First the paintings themselves are discussed, and then the different schools of painting are taken into conideration.

Carpe believes that the art of class-room witticisms is slowly dying out. He therefore reports with great delight the following incident that took place in English Lit the other day:

Joe Valentine was a little puzzled over the reference to Psyche in Poe's "Ulalume." Joe valiantly raised his hand and said to Chub, "What's 'Pish' doing in this poem?"

The following poem may need a little explanation to those unacquainted with the incident upon which it is based. Seminoff, '28, in a closely contested touch-football game ran almost the entire length of the field in the wrong direction, scoring a touchback for his team.

SEMINOFF

(To the tune of: "Down, down the field goes old Hamilton")
Back down the field goes old Seminoff,
See how he grabs up the ball and turns back;
Back down the field he goes plowing
Faster than the fastest man at track.
RAY! RAY! RAY!
Yard after yard he goes tearing on;
There's no one watching but knows he must lose.
Oh, he's there!! Yes, he's there!!
It' a TOUCHBACK rare!!
Oh, Seminoff, where did you get that booze?

ALUMNI COUNCIL IS FOR DIX REUNION PLAN

Group Favors Second Term "Swinging" and Suggests "Parents' Day" to Interfraternity Council

The Dix plan for reunion, fraternity methods of rushing, pledging, and swinging, and the advisability of holding a Parents' Day were subjects discussed at a meeting of the Alumni Council held Sunday afternoon, Nov. 2, at the home of Wallace Johnson, '15. Although the Alumni Council can itself institute no changes it can discuss questions pertaining to the interests of the college and make suggestions.

Under the Dix plan for reunion, four classes would hold their reunions together. These classes would consist of men who had all been in college at one time or another together. Thus in approximately 20 years each alumnus will have reunited with men from every class which was in college during his four years. This plan does not in any way interfere with classes holding their 25 and 50 year reunions, nor any more frequent reunions they may desire, it was pointed out. The Council decided to take a post card ballot of all alumni. If by January 1, 1925, a majority appear to favor the adoption of the plan, it will be recommended at the June meeting of alumni.

Second Term Swing Favored

The whole problem of rushing, pledging, and swinging was also discussed. The consensus of opinion favored second term initiations. Only two crowds this year are swinging first term, the Psi U's and the Chi Psis. They recommended to the Interfraternity Council that second term swinging be adopted.

George H. Sicard, '06, suggested that the college inaugurate a Parents' Day similar to that now in vogue in several colleges. One of the many benefits of such a day, it was pointed out, would be that parents would have an opportuntiy to meet each other and also the members of the faculty. The matter was referred to the Interfraternity Council.

Election of officers also was held. H. R. Hemmens, '08, was re-elected president; George H. Sicard, '06, was elected vice-president; and Wallace Johnson, '15, seretary-treasurer. It was further stipulated that Wallace Johnson should remain in office even though not an active member of the Council. Other members of the Council include: David K. Peet, '03; Curtis Knox, '12; Arthur J. Pohl, '15; Thomas B. Pope, '22; Francis D. Willoughby, '09; Leon G. Ross, '02; J. Bernard Lawlor, '21; Charles D. Root, '12; and Hadley E. Smith, '18.

BOOK LOVERS STILL BUY SECOND-HAND EDITIONS

Two Hundred Volumes Have Been Sold in Library Sale, Many at Half Price

Booklovers on College Hill are still making good use of the sale of second-hand books in the Library. Since the sale started two weeks ago, 200 books have been sold at tempting prices. Some volumes are priced at half the figure asked by regular second-hand dealers. The sale will be continued indefinitely and more books supplied as the present number diminishes.

Some desirable modern fiction by Dorothy Canfield, Edith Wharton, Edna Ferber, P. G. Wodehouse, and others is still unsold. Students of biology will be interested in Darwin's "Descent of Man" and other scientific works. Theodore Roosevelt's "Oliver Cromwell," and Macaulay's "History of England" are among the works of history. Collections of essays by Walter Pater, Agnes Repplier, and Augutine Birrell, remain on the shelf. Many classics which would be permanent additions to any library will be offered for sale when the present sale is exhausted.

"OUTWARD BOUND" TRYOUT REVEALS EXCELLENT TALENT

Try-outs last Wednesday and Thursday for the play, "Outward Bound," brought out some excellent talent, especially among the freshmen. In the tentative cast selected for the play two first-year men have been chosen. However, according to President Snyder, it is very possible that several shifts will be made in this cast after three or four rehearsals. As a result of the excellent talent afforded, he says, a complete change could be made in short order. The tentative cast includes: Scrubby, Robson, '26; Ann, Warner, '28; Henry, Anthony, '26; Mr. Prior, Goodwin, '27; Mrs. Cliveden-Banks, Draper, '28; Rev. William Duke, Snyder, '25; Mrs. Midget, Roberts, '25; Mr. Lingley, Perrine, '25: Mr. Thomson, Donnelly, '28.

JUNIORS PLAN ICE CARNIVAL 'STEAD OF PROM

Proposed Schedule Includes Two-day House Parties Between Terms, Basketball and Hockey Games, Tea Dances, Etc.

COLORED LIGHTS FOR RINK

General Sentiment Greatly Favors Novel Stunt which Merely Lacks Formal Backing

The junior class has voted to support a winter carnival to be held on Friday, Jan. 30th, in conjunction with a two-day house party in the Hill fraternity houses. If the fraternities support this plan drawn up by Frank H. Robson, chairman of the prom committee, there will be no prom at midterm, but instead, a house-party beginning on Friday afternoon with a basketball game. Following the basketball game, a hockey game will be played in the Sage rink, and after the hockey, from five to six-thirty, the rink will be lighted by colored lights. Some famous fancy skaters will perform, there will be music, and the rink will be thrown open to those who want to skate.

The proposed schedule provides that the fraternities have their usual parties on Friday night. On the Saturay afternoon following, the musical clubs will give a concert in the Hall of Commons. Later in the afternoon the D. T. Club and the sophomore class will give tea dances. Saturday night the party will conclude with regular fraternity dances.

Plans Well Received

So far the carnival plans have been enthusiastically received. The President, the teaching staff, and coaches are in favor of the idea. Dartmouth, Cornell, Williams, and Colgate have successful winter carnivals and it is pointed out that Hamiltton, with its hockey rink and fine winter scenery, is ideally equipped for such a thing. The novelty of the plan is held to be a point in its favor. Undergraduates are pretty generally agreed that a three-day party with a junior dance is too long and too expensive. For these reasons prom was omitted last year. Robson's plans, however, provide for a two-day party only, except for those fraternities that wish to start on Thursday evening. Any crowd that wished could start a day earlier than the rest with a dance on Thursday, Jan. 29. The expenses of the carnival in the hockey building would be very slight. The juniors are confident that the fraternities will support these tentative plans for a winter house party and carnival.

Lacks Formal Backing

As soon as the fraternities give formal backing to their representatives on the committee, active preparations will start. The committee consists of Robson, chairman, Marquardt, president of the junior class, Beebe, Walrath, Brush, Squier, O'Connell, Frank Nichols, Brazeau, Orlo Nichols, Skinner, Schiro, Payne.

SNYDER AGAIN BREAKS CROSS COUNTRY RECORD

But Hamilton Harriers Lose Meet to Alfred by 22-33 Score

Glenn Snyder, acting captain, ended his collegiate career as a cross-country runner last Saturday against Alfred, when for the second time in two weeks he set a new record for the Hamilton course. Snyder's new record is 22 min. 9 sec. Last week against R. P. I. Snyder made the course in 22 min. 32.6 sec., which bettered Watson Thompson's record of 22 min., 58 sec. made in 1922.

Snyder's development this season has been phenomenal. Although previously a good runner, he had not displayer brilliance before this year. His marvelous running culminated in the last meet of the season amidst a whirl of glory. This race was the fourth time in four races this year that Snyder has beaten former records. Besides setting two records for the Hamilton course, he now holds the record for the Colgate course, formerly held by Hillman of Hobart, and in the race with Wiliams ,although beaten for first place, he was one of three men to lower the Williams record.

Hamilton Team Misses Men

Despite Snyder's remarkable exhibition, Alfred won the meet 22-33. Herrick, Alfred's highly-touted runner who beat Hillman of Hobart, the intercollegiate champion, last week, finished nearly a half mile behind Snyer. The Hamilton team was handicapped much this year by illness and ineligiblity. Captain Clark and Watkins, the mainstays of the team last year, were unable to run because of illness, and Bye, McMaster, and Brasted, a freshman, because of ineligiblity. Miller, a freshman, who was regularly placing third for Hamilton, was unable to run in the last two races.

SOCCER TEAM CLOSES UNSUCCESSFUL SEASON

One Victory and Six Defeats Is Record but Prospects Are Good for Next Year

With a record of one victory and six defeats, the Hamilton soccer team closed an unsuccessful season with the Syracuse contest Saturday. Inability to get going in the first half of games and a weak defense were the principal reasons for the poor showing of the Buff and Blue. Although breaking into the winning column but once, the soccer team flashed brilliant form at times, notably in the Sherrill and Syracuse contests.

The first game of the season on Sept. 27 resulted in a victory for the Clark Mills semi-professional team by a 1 to 0 score. The visitors' lone goal was the result of a penalty kick that slipped past Burke. The following Saturday at Hamilton the varsity lost to the powerful Colgate eleven 8 to 0. The Hill men held the Maroon to a low score until the last part of the game when Burke, promising freshman goal-guard, was badly injured and forced to retire. Colgate then counted five goals in quick succession.

Licks R. P. I.

The Buff and Blue's only victory of the season was the 5 to 3 defeat of R. P. I. at Troy on October 11. Piling up a 3 to 1 lead at the end of the first half, the Buff and Blue fought furiously in the second half to stop the Engineers' powerful come-back. Excellent work by the Hamilton forward line was the principal factor in this victory. On the following Wednesday the Colgate team came to Clinton for a return contest. Trailing at the end of the first half 3-0, the Buff and Blue came back with a strong attack, outplaying the Maroon until the last few minutes of play when the visitors slipped in two goals. The score at the end of the game rested 5 to 1 for Colgate. On October 25 Sherrill defeated Hamilton 2 to 0. The game was the fastest and most interesting on the schedule. The semi-pro aggregation scored their two goals in the first half, being unable to pierce the Hamilton defense in the last half. The Buff and Blue forwards had numerous chances to score in this period but lacked the punch to rush the ball through.

In the most disappointing contest of the season, the Buff and Blue lost to William at Williamstown on Nov. 1 by the score of 6 to 3. The local team showed great listlessnes in the first half, trailing at half time 4 to 1. Hamilton made a come-back during the first part of the last period, bringing the score up to 4 to 3. In the last few minutes of play the Purple rushed in two goals. Last Saturday's game with Syracuse showed the Buff and Blue at its best form of the season. The Orange boasted one of the best soccer elevens in the East and narrowly managed to squeeze through on the long end of a 2 to 1 score.

Prospects for next year's soccer team are the most promising since this sport was estabilhed five years ago at Hamilton. Only two regulars will be lost, Captain Hatch, right inside, and Brown, right halfback. Rowley, a freshman who was ineligible this year, will probably take Hatch's place, and Fisher, another promising freshman, will be a leading candidate for the halfback position.

FAST ORANGE TEAM BEATS SOCCER MEN, 2-1

Hamilton was defeated 2-1 by the fast Syracuse soccer team in its final game of the season in an exceptionally well-played match, Captain Hatch playing his last soccer game for the Buff and Blue, scored Hamilton's only tally in the first period.

The game was one of the most evenly fought contests seen on the Hill. The game started with Syracuse in possession of the ball. In the first half Hamilton outplayed the big Orange team by a slight margin. After about 15 minutes of play Syracuse fouled in the penalty area. Captain Hatch made an excellent kick scoring the first point of the game. Towards the latter part of the period Syracuse tied the score.

The second half was marked by a little raggedness on the part of the Buff and Blue. Syracuse managed to tally another point which was the last score of the game.

Captain Hatch and Brown played their last soccer game for Hamilton.

The lineup for the game was:

SYRACUSE	HAMILTON

ALUMNI NOTES

—William G. Cline, '24, is taking his M.A. in Economics at Cornell.

—Stewart P. Brownell, '24, is working with a wholesale hardware company in New Britain, Conn.

—Mrs. Bonham and son, Luke, are visiting friends and relatives in the South, principally in Louisiana and the Carolinas. Dr. Bonham expects to meet them at Christmas in Charleston. Mrs. Bonham writes that she is having a delightful time but that she will be glad to see the Hill again. She will return with Dr. Bonham at the beginning of the new year.

—Clarence L. Fisher, '00, of Lyons Falls was elected member of Assembly from Lewis County on the Republican ticket by an almost unprecedented majority. Mr. Fisher is a son of the late William Hubbell Fisher, '64, and grandson of Rev. Samuel Ware Fisher, D.D., LL.D., at one time president of Hamilton College. Mr. Fisher is a member of Alpha Delta Phi.

—There are nine men enrolled in the course in the Interpretation of Art this year. Due to the illness of Prof. Edward W. Root, the classes will be unable to start until somewhat later than Wednesday, when they were to have begun. Notice of the first exercises and the division of men into sections will be duly announced.
